### GEORGE T. GRAVES NAMED SECRETARY OF STATE BANKERS

#### DISTRICT MEETING HELD IN WACO CO HONORS LOCAL STATE BANK CASHIER.

George T. Graves, cashier of the Cameron State Bank, was elected Secretary and Treasurer of District No. 22 composed of 48 State Banks at a meeting held in Waco on last Tuesday. This is an association of state banks and is organized for the purpose of promoting better banking and more helpful co-operation with their patrons.

Speaking of the purposes of the organization Mr. Graves said:

"The purpose of the association shall be to promote and encourage in the district safe and sane methods of banking, to aid in any way possible the enforcement of our banking laws; to co-operate at all times with the State Banking Department to enhance its efficiency; to encourage all legitimate and worthy enterprises, concerns and individuals, all agricultural and livestock development, as far as good business and safe banking will permit; and to encourage closer co-operation between its members, to keep before them subjects both interesting and beneficial to the State Banking System."

The first annual meeting of the district association of the Texas bankers was held in Waco Tuesday, and was attended by a large number of bankers in the five counties included in this district. There are 48 banks in this district, which is the Waco examiners' district, and is District No. 22 in the state banking system.

R. R. Waldrop president of the First Guaranty State Bank of Clifton, was chosen temporary chairman for this district at the recent meeting of the state bankers in Waco, and he was made permanent chairman at the meeting Tuesday morning. The following were also elected: L. E. Bain, vice-president of the First State Bank of McGregor, vice president; George T. Graves, cashier of the Cameron State Bank, Cameron, secretary and treasurer; and L. J. Davis, cashier of the Citizen's State Bank, Marlin; R. F. Siddons, vice president First State Bank of Hillboro, in the executive committee, to serve with the officers.

Addresses on problems pertaining to the workings of state banks were made by L. J. Davis of Marlin; F. B. Cable, cashier of the Rosebud State Bank, Rosebud; W. S. Turner, cashier of the Citizens State Bank, Valley Mills; L. E. Bain of Waco; and others. The meeting adjourned at 1 o'clock.

### OPEN AIR SERVICE FOR CHURCHES IN CAMERON SUNDAY

#### REV. T. F. WEAVER TO PREACH AT MEETING OF CHURCHES SUNDAY NIGHT.

A series of open air services for all protestant churches of Cameron will be held on Sunday night at the park. The pavillion will be used for the preaching services and the pastors of the churches are alternating in their preaching.

Next Sunday night Rev. T. F. Weaver, pastor of the Christian church will preach for the congregations. On the following Sunday night Rev. H. R. McFadyen will preach for the people. The first of these services were held on last Sunday night.

The city council has remodeled the pavillion and made it into a suitable place for out-door meetings and it is noticeable that many people are daily and nightly going to the park for recreation and pleasure. It is planned by the city to make this one of the most attractive parks in this section of the state.

### PIONEER CITIZEN, L. J. HEFLEY, IS BURIED IN CAMERON

#### FRONTIERMAN AND PEACE OFFICER AND CITIZEN MOURNED BY HUNDREDS.

L. J. Hefley, 70 years of age, beloved pioneer citizen of Cameron and Milam county and maker of history in the frontier days of the West, who died in McAlester, Oklahoma, Thursday July 13 was buried in Cameron Saturday July 15 with hundreds of his life long friends mourning his death which has left a burden of sorrow in the county in which he has lived and wrought for more than sixty years.

Mr. Hefley had been in declining health for more than a year and about two months ago in company with Mrs. Hefley left Cameron for McAlester where they visited in the home of their son, C. L. Hefley, and where he died on July 13. Mr. Hefley became ill on the way and when he reached McAlester his condition was considered serious but hopes were held out for his recovery until a few days before his death when the end was expected hourly.

Coming to Texas with his parents and a family of five children, the pioneers then pushing their way westward following the star of empire, cast their lot in Milam county. The family settled near Cameron on a farm and their resided for a number of years until the sons had grown to young manhood and the father had accumulated large land interests.

In these frontier environments Mr. Hefley grew to manhood and here when history was in the making was counted among the sturdy sons of the West who helped to carve from the wilds our now matchless empire and civilization. In later years the father acquired land interests in the Western part of the county near the Bell county line and what is now the city of Rogers. In those days land was easily acquired because cheap but the defense of property was the work and bravery of pioneers. It was during this period when the father and sons began to fence their estate that the lawless elements of the bad lands of the West made trouble for the pioneers and more than once the lion hearted men of unsung history, proficient in the use of firearms, made the way for the advancing race.

L. J. Hefley was born in Henderson county, Tennessee, May 1, 1852 and when he came to Milam county with his parents was two years of age. He had resided in Milam county for the past 68 years with the exception of several years spent in McAlester, Oklahoma.

Mr. Hefley was married in Milam county about 48 years ago, his widow, Mrs. L. J. Hefley, surviving him. To them were born seven children all of whom survive except one son, Joe Hefley, who died several years ago.

A little more than a decade ago Mr. Hefley moved to McAlester, Oklahoma, and for a number of years resided there. Always a man of sturdy qualities and a noted peace officer in the early days, he was called into service by the city of McAlester as Chief of the police and served with distinction in that capacity. The town in those days was famed for its lawlessness but under the administration of this sturdy Texan who had helped to stamp out the bad man of his time, the city was given an administration of law enforcement the like of which had never been known.

In the early days of Cameron Mr. Hefley served as an alderman under Mayor Jack Lewis, and later when Mr. Lewis was elected Sheriff of the county, served as deputy sheriff. This service was rendered while Mr. Hefley was living near Rogers in Milam county.

In later years Mr. Hefley was elected Constable in the Cameron precinct and served with distinction as a peace officer in that office.

The body was brought to Cameron for burial, reaching here Friday

### ELECTION RETURNS

Returns from the Democratic Primary Saturday July 22 will be posted at the court house Saturday night for the benefit of the people of Cameron. Complete reports of the Texas Election Bureau will be received by the Western Union under the auspices of the Cameron Herald and Cameron Enterprise and announced to the crowds. This report is complete and the same as will be carried in the morning newspapers of Sunday July 23.

Returns from the county will be received, tabulated and announced

then posted on the bulletin board. The expense of this will be defrayed by citizens of Cameron.

Additional telephones will be installed in the office of the District Attorney where the returns will be received and a small working force to handle the returns both county and state has been selected and no one except those engaged in compiling the returns will be admitted to the room. Announcements will be made from the second story of the court house.

### COMMERCIAL CLUB WILL BE ASKED TO UNDERWRITE SHOW

#### LIVESTOCK MEN ARRANGING FOR BIG EXHIBIT OF STOCK AND POULTRY.

The Cameron Commercial Club will be asked Friday night to underwrite plans for the Milam County Livestock and Poultry Show and Fair. Plans for this event, made on a larger scale than usual, are in the hands of the committee on fairs of which W. M. Cobb is chairman.

A letter has gone forward to the club from the Livestock Association asking for help in giving expression to these interests in the county.

It will be necessary for the club to raise funds for the show or arrange for aid in financing the project. The show this year is planned on the basis of getting revenue from gate receipts, concession, entry fees and the like.

Plans have been made for a political rally for all of the candidates Friday night but it is hoped this will not interfere with the plans which have already been postponed for the livestock show.

If necessary it is thought advisable to have a called meeting of the club in the afternoon of Friday to arrange for the discussion of these plans as little time remains in which to plan for the show.

#### BASEBALL TODAY.

Game called at 4:30 o'clock p. m. Gatesville vs. Cameron. These teams are strong contenders for the championship and some real playing is expected. They will play today and Friday, having played one of the games of the series Wednesday.

Mrs. L. J. Hefley has gone to Muskogee, Okla., for an extended visit to her daughter Mrs. Perdue.

### How Will You Vote On July 22nd?

Primaries settle political matters in Texas. Republicans include themselves when they think that any headway can be made in this or any other southern state. The election of one congressman was a political accident two years ago, perhaps not to be repeated, for a decade or two. The democratic party is the party of progress, the republican, that of reaction.

Reactionaries of both parties fearing the primary, would have us return to the old convention system. Gains for the common people have all been made through the primaries, from the time LaFollette and his friends wrested political control in Wisconsin from the "Interests" a quarter of a century ago down till the present time. No fear but that the primaries will continue to express the will of the people. The remedy for ills of democracy is more democracy. The people learn how to vote by voting; they learn how to govern by governing.

Every forward-looking man, every progressive at heart, delights to see the constantly weakening of party ties, the independence of voting on the part of men and women. Nothing has hastened this independence more than the enfranchising of women. The disposition to vote for men most nearly expressing the thoughts and aspirations of the common man in the primaries assures the selection of the best men in most cases. This disposition led tens of thousands into a new party in Texas two years ago. This year it leads them back into the democratic primaries.

When a state executive committee attempts to prescribe a test for the ballot that would exclude all but those who voted a certain way two years ago, and so tend to make party name and label forever on the individual, it meets with almost universal condemnation on the part of thinking people. Not only is it illegal and contrary to plain statute, but it is contrary to public policy, and it is not only a voter's right but his duty to vote his conviction for men and measures, even if his political judgment leads him out of main traveled paths. When his political judgment as well as his convictions show him the error of his ways he must return.

Victories won in primaries in Illinois, Indiana, Pennsylvania, Iowa, North Dakota, in behalf of the plain people, and by votes cast by farmers and workers in the industries, have greatly heartened the people, as well as spread consternation upon the interests that would control government for their own profit and advantage. These victories are but an earnest of the fuller ones to come with the elections in November, when voters of many states will have the opportunity to vote for even the candidates of a new party when those of the old parties do not represent their wishes.

It is highly gratifying that the farmers of Texas and the workers of the towns and the cities are manifesting such a keen interest in political affairs this year, are searching the records and weighing the words of the candidates, especially for high executive and legislative places, and are preparing to vote untrampled by any traditions or conventions for those who will most nearly carry out their wishes.

A democracy is just what we make it. We make it by the thought we give to the selection of those who serve us through legislative, executive and judicial branches of the government we have set up. Therefore it is the duty of every man and woman in Texas to cast a ballot and cast it wisely in primaries and in elections.

Remember the Primaries and vote for the best men.—Southland Farmer.

### Political Contests Left To Arbitrament Of The Ballot Box

A record vote is forecast for the Democratic Primary Election on Saturday July 22.

All voting records are expected to be shattered in the county as well as in the state at large, the political pot boiling with more fervency than any campaign within the recollection of the oldest "torch lighters." The merits of individual candidates, issues and platforms will be left to the arbitrament of the ballot box Friday night when the candidates end the race.

The polls will open at eight o'clock and close at seven.

Spirited contests have developed in the county races as well as in the district and state races. Probably at no time in the history of the country has so many "monkey wrenches" been thrown into the machinery of politics, and as to the termination of the several races it is beyond the average political dooper to forecast.

Strange times have come in the land. Foes of many years standing are arrayed in the same camp while lifelong political friends are in toe to toe slugging matches over trivial issues of no moment. When taps are sounded for the 1922 primary on next Saturday it is predicted political history of a new kind will have been written.

The forecast for a heavy ballot is borne out by the fact that poll tax payments this year were required of women the same as men, assessments being made on both alike. It is believed that close to a million votes will be cast in the state, however no election has seen seven hundred thousand cast. With this enormous suffrage toll it will be many days before complete returns are announced and races reasonably close in the early returns may be in doubt for several days.

In the county the poll tax payments are around \$800. Of this number only a small per cent are republican votes and it is predicted by some that 6000 votes will be cast, however this number may be a fraction too high. There are 46 voting boxes in Milam county. With the return to the Democratic party of all those who followed Jim Ferguson into the barren lands in 1920, the party has been greatly strengthened in the county. The women are evincing an active interest in the campaign and their political preference will be a determining factor.

Aside from the purely local races for county and district offices interest seems to center in the Senatorial contest. Three of the candidates for United States Senator have spoken in the county, Thomas, Mayfield and Ferguson. With the large number of candidates for Senator claiming attention at the hands of the voters it is difficult to predict the outcome both in the county and over the state.

The Herald will hazard one prophecy and that on the Senatorial race. The Herald predicts that Chas. A. Culberson will lead in the First Primary and that second place lies between Cullen F. Thomas and Earle B. Mayfield, with indications that Mayfield will be second and will nose the Dallas candidate out of the run off. While the Herald is committed to the candidacy of Cullen F. Thomas, it nevertheless feels concern over the observation and is all problematic strength of Mayfield. This is purely local.

If Clarence Ousley and Jim Ferguson show formidable strength the aged Senator, Chas. Culberson, will not go under the wire for the run off in time to beat either Mayfield or Thomas. Everything depends on the strength of Culberson. The Senator has always shown himself to be a winner and it is quite within the bounds of reason to predict that he will again lead the field. Bob Henry will not show any appreciable strength in the Primary and therefore has no chance to get in the run off.

Run off chances seem to be distributed between Culberson, Thomas and Mayfield. If Mayfield wins Thomas will lose and if Thomas wins Mayfield will lose. That seems to be the logical prediction, provided Culberson polls his usual strength. Failure of

Culberson to reach the run off street will put Thomas and Mayfield in, our prediction.

Jim Ferguson has shown wonderful gains over the state in the last few weeks and his remarkable gains have been the outstanding feature of the campaign. He will not be in the run off, however, for his American Party affiliations have queered him with Democrats.

Clarence Ousley seems to be the only candidate about which there is mystery as to strength. The former Assistant Secretary of Agriculture seems to be strong in north and part of West Texas due to the pull of power of the Fort Worth Star-Telegram and the Fort Worth Record which have openly championed his candidacy. In parts of Central and East Texas Mr. Ousley has shown great strength but in the main central and south sections his candidacy seems to have fallen down.

### PRICE OF MINERVA CRUDE OIL IS CUT 25 CTS. A BARR

#### MID CONTINENT REDUCT RESPONSIBLE FOR LOCAL CUT.

Following Tuesdays cut of 25 cents per barrel in Mid Continent and North Texas crude oil, the second cut was less than a week comes the announcement that Milam county crude oil has been cut 25 cents per barrel by Owens Refining Company of this Tuesday's cut in North Texas. Mid Continent fields puts the price north Texas high gravity oil down to \$1.75 per barrel and all higher grades of Oklahoma and Kansas down to \$1.50 a barrel. While there has been two cuts of 25 cents each in the Continent fields the local producers have only been reduced 25 cents per barrel, from \$1.75 to \$1.50 a barrel. Some producers contend that the price was justified due to the amount of crude oil now in storage and to the fact that there has been a slump in some important refining markets, these same producers, however are of the belief that the price cuts are only temporary and the bottom will soon be reached and the market turned upward again. They believe that the fall and winter months will bring a stronger demand for all refined products with the possible exception of gasoline and the market on fuel oil will be exceptionally strong.

One well that of the H. McIntosh and Thomas interests, McClellan tract in down to the and ready to drill in. The well cased in the southeastern corner of the tract and was drilled by Leech and Sons. Several of the companies in the field that have closed down temporarily are preparing to start operations again.

The pipe line runs for the field being increased daily by the bringing in of new producers. There are new locations made and about are drilling in the shallow areas of the wildcats are closed down a report is going around that will start up again this coming week. The week has been a quite one of circles.

## CAMERON FAVORITE FOR CHAMPIONSHIP IN CENTRAL TEXAS

### COMETS BURNING UP CIRCUIT FOR CUP WITH GATESVILLE AS RIVAL.

The Milford baseball team with the addition of Bugs Morris, captain-elect of the 1923 A. and M. team, and several former West players, got in the limelight in the chase for The News-Tribune cup during the past week. The Milford team, which had previously won its only game played, took on Hillsboro, Lancaster and Hubbard City in rotation, winning these games, Friday, however, the Milford club was held to a 1 to 1 draw by the fast Hubbard nine.

The Cameron club due to its all important series with Jacksonville, did not stage a game during the past week, which had any bearing on the central Texas race. The Comets, however, have played many more games than any other contender, and still remain the favorites for the title. They will get back into action today in the central Texas race when they meet the fast Austin American Legion club.

The Cameron fans are promised a real treat this week for on Monday and Tuesday the Comets meet the fast Hubbard City team, which just recently played the undefeated Milford team to a 1 to 12 inning tie. Then on Wednesday, Thursday and Friday the fast-going Comets play the powerful Gatesville line, which team is making it hot for the Milam county boys just now. These five games as well as the one in Austin today will mean much to the contending clubs in the News-Tribune race. On their last appearance in Austin the Comets won 2 to 0 victory over the Legionnaires, but it may be different this time. The capital city team has an uncanny way of coming back following a defeat.

The Caldwell team since it overcame its season's hoodoo, the Comets on July 6, has not lost a game. The Wiles county boys lost to the Austin American Legion team by a score of 2 to 1 on July 4, but have known nothing but victory since, and have fought their percentage from .200 to .500 since that time. Caldwell plays Somerville on Monday and Tuesday of this week, and may meet the Gatesville club soon. In Severn, Whitworth and Easley, the Wreckers now have a good pitching staff that is apt to cause any team in the race a real trouble.

The Penelope club, composed of all boys, continues to win, but the Penelope team has not met the opposition as strong as that encountered by other leading contenders. The team has nevertheless made a good record, and is no doubt capable of giving any team in the chase a real me.

The Waco American Legion team meets the Temple Legionnaires again this afternoon at Katy park. The odds will more than likely be lengthened for the occasion and are expected to put over a victory. The Waco Elks, who are now on a long trip through east Texas, are managed to break even on the trip, which is as good as can be expected. Swinell and Bagby are pitching brilliant ball for the B. P. O. E. team, but until the fielding of the Wacoans is way below par.

The Bartlett club got in the race

for the cup last week by defeating the Rogers team, while the Eddy club came out of its recent slump, advancing to a marked extent during the last week. The Hamilton base ball team has been strengthened considerably, and it was rumored that that club defeated Gatesville in the first game played between those teams last week.—No score, however, was sent in on that contest by either the Hamilton or Gatesville nine, between the two teams in 10 innings.

If a play-off between the two leading teams is necessary to determine beyond a doubt the winner of the News-Tribune cup, and the central Texas title, there is a probability that several of the contests will be played in Waco and local fans given another baseball treat. Just now it seems that the race for the cup lies among Cameron, Gatesville, Austin American Legion, Hillsboro, Hubbard City, Penelope and Caldwell. Of these Cameron and Gatesville are the favorites just now, but there is a strong probability that the score of the next two weeks will bring about quite a change in the championship situation.

With the Cameron-Jacksonville series out of the way, the race this week and next is expected to eclipse in interest and rivalry anything in that line that has gone before.

### RUPTURE EXPERT HERE.

Seeley, Famous in This Specialty,

### TRACY TALES.

It has been some time since this part of Milam has been heard from so I will try to pen a few items this week.

The days are long and hot here and rain is being needed very bad. Cotton is sure needing rain and if it doesn't get rain within a few days the crop here will be cut very short. The corn crop here is reasonably fair. There is no large yield. The sorghum crop has been more or less damaged by the drouth. In fact all crops here have been damaged by the drouth.

Health here seems to be about Normal.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

## REPUBLICAN SENATORIAL CHAIRMAN BARS WOMEN CANDIDATES

Women who aspire to office on the Republican ticket, or who may hereafter aspire, may as well make up their minds that their cases are hopeless, because one of the highest authorities in the Republican organization has declared in effect in the public press that women are not competent to fill the important offices of Senator or Congressmen and that even the women themselves will not vote for women for these important positions.

In an interview with James R. Nourse of Universal Service, published in the Washington Times, June 24, 1922, discussing the candidacy of Mrs. Olesen, Democratic nominee for United States Senator in Minnesota, Senator Medill McCormick, Chairman of the Republican Senatorial Campaign Committee, said:

"Persons might vote for a woman for superintendent of schools or for the town council or other little jobs like that, but when it comes to the Senate of the United States they simply will not do it. I don't believe that even the women will vote for Mrs. Olesen for Senator."

There you have it from one of the chief official mouthpieces of the Republican party. There you have an official Republican estimate and appraisal of the status of women in politics and in public affairs. According to Senator McCormick some people might vote for women for school officials or for the town council or "other little jobs like that" (he meant those) but when it comes to an important office, such as Senator McCormick holds, it requires a great man like Senator McCormick or Senator Newberry.

From Senator McCormick's point of view it is all right for the women to have suffrage and to exercise the franchise if they will vote for a Republican like Senator Spencer (Rep., Mo.) so that men like Nat Goldstein may be appointed to office, or like Senator Moses (Rep.) of New Hampshire, Chairman of the Senate Committee on Printing, so that an assistant clerk of the committee can be carried on the pay roll at \$2,040 a year of the taxpayers' money, while he actually works as a clerk at the Republican Publicity Association headquarters. But women must not aspire to the exalted positions held by Senator McCormick or Senator Moses or any other offices of importance, because in the eyes of Senator McCormick, speaking in his official capacity as Chairman of the Republican Senatorial Committee, people don't regard them as fit or eligible.

The Republican who thus eliminates women from aspiring to national office ranks next to Chairman John T. Adams of the Republican National Committee. Inasmuch as the Republican National Committee, the Republican Senatorial Campaign Committee and the Republican Congressional Campaign Committee co-operate and have the same object in view, in national elections, it is fair to assume that Chairman-Senator McCormick speaks the sentiments of all three branches of the Republican national organization.

Senator McCormick in belittling the suffragists and their aspirations to assist in conducting the affairs of the government is only acting in harmony with the discrimination the Republican organization is and has been making against women. Only a very few women grace the membership of the Republican National Committee, and only by their own efforts are they made members of the minor committees in their organizations. This is in striking contrast to the attitude of the Democratic organization toward women. There is a Democratic National Committeewoman in each state as well as a Democratic National Committeeman. This policy of fifty-fifty extends down through the organization wherever possible. The Democrats have never made any distinction between men and women as aspirants for office. At this writing there are four Democratic women aspirants for United States Senator and nearly a dozen for Congress.

## A DEMOCRATIC COMPETITIVE TARIFF VS. A REPUBLICAN PROHIBITIVE TARIFF.

While the leading Republican papers of the country have reflected the Democratic opposition to the Profiteers' tariff bill, a small section of the Republican press—the morons of Republican journalism—have sought to defend the infamous schedules of this bill by the counter-charges of free trade and free-traders brought against the Democratic tariff policy and the Democratic spokesmen, respectively. No more convincing answer could be made to this than the fact that the tariff revenue under the present Simmons-Underwood act is greater for the fiscal year just passed than was the revenue under the Payne-Aldrich act, heretofore the highest in the history of the country.

These papers defend the exorbitant rates of the Fordney-McCumber bill on the theory that the people will be willing to pay still higher prices for the things they buy, providing the mills and factories are opened up and labor is employed, ignoring the overshadowing fact that the mills and the factories as well as all natural industries would be working full time under the present Democratic competitive tariff if the producers had a foreign market for their products and if the American market had not been impaired by the economic collapse of Europe following the defeat of the peace treaty and the reconstruction program of the Democratic administration after the Armistice.

The essential difference between the Democratic and Republican tariff policies are, that the Democratic tariff policy is a competitive tariff with duties so levied as to insure revenue for the government without doing injury to or discriminating against any legitimate business; the tariff policy of the Republican party as expressed in the Fordney-McCumber tariff, amounting to an embargo. With the increased cost put upon the necessities of life, coincident with the liquidation of labor, it makes it impossible for the laboring man to exist; for the farmer to market his surplus products or to find an adequate market at home for his normal domestic production. It means further depression of industry, further lack of employment, further decrease of government revenues from all sources and a continuation of the commercial isolation, which is largely responsible for most of the country's present ills.

In one day 50,000 Oregon citizens put their signatures to petitions asking for an initiative measure which would wipe out of existence every military academy, denominational school of private school of any kind in the state where pupils of the grammar grades are taught. That was almost half as many signers as there were votes in the last election and the job was well done between 8 a. m. and 5 p. m. June 15th. That means the people of Oregon will vote in November on the question of compelling all children between the ages of 8 and 16 years to attend the public schools—and English will be the only language used. The Oregon Journal declares Scottish Rite Masons assumed full responsibility for circulating the petitions but had the aid of other organizations.

## WILLIAM G. MODE.

Mr. W. G. Mode, age 70 a pioneer and universally respected citizen of Cameron passed away at his home in this city July 13 after an illness of several weeks duration.

He was first married in Tenn., and came to Milam county when a young man. Was the father of seven children. Three of whom with his wife preceeded him to the Heavenly land.

He was married six years ago to Mrs. Tula Davis and is survived by her and four sons, namely: Geo. Mode, J. W. Mode, Marshall Mode, Eugene Mode, all of this city.

The funeral was conducted from the Marlow Baptist church by Rev. White pastor of the Cameron Baptist church of which he was a devoted member.

Interment was made in Marlow Cemetery.

Mr. Mode was a public spirited citizen and generous to a fault, ever mindful of the unfortunate and was a devoted man to his family. May the mantle of this Christian father fall on the sons whose tender ministrations sweetened his declining days.

## "ELEVATING THE RACE"

By SAVOYARD.

I know it is bad manners to discuss the negro question in our glorious union, but I shall devote this epistle to that subject nevertheless. I am induced to do this because of a race row in Harvard University and a negro procession that paraded Pennsylvania avenue the other day in "silent" protest against the lynching of brutal members of their race for the most horrible and most revolting of all crimes. No torture chamber of mediaeval times ever caused such agony, no pain cruelty has yet inflicted, or imagined, compares in horror with the unspeakable monstrosity of the violation of the person of a pure white woman by a negro brute. Such outrage makes maniacs of all decent men in the community, for the moment, and this applies to the North as well as to the South of our country. I cite the mob that hungered for the blood of a negro brute in the Quaker community of Chester, a suburb of the city of Philadelphia, some years ago. Though the precinct was urban and the police force ample, it required the military to save the person of the monster from the rage of the mob.

I'll say this, that nowhere else on earth is the decent negro, the harmless negro, so safe from oppression as he is in the States of our union that were "slave" in 1860. Dilettante Mrs. Jellebys of the masculine gender up North, who have as vague ideas of the race question as I have of the social conditions on the planet Mars, love to cite the very large holdings of real estate by negroes of the South and in that same connection they spill an ocean of hypocrite tears with which they drench the "downtrodden" negro at the South. That fact is, that the American citizen best satisfied with his condition is the decent Southern negro. If the chief mission of the human being in this life is to enjoy the day, then the decent Southern negro is the most fortunate human being on earth. That is a fact.

I admit that the South is a mighty unhealthy climate for your vicious negro. His proper place is at the North, where his tale of woe turns doves into vultures. Here is what makes the race question—the South knows the negro—to the North the negro is a total stranger.

That row in Harvard college is a gorgeous joke. Touching the negro at the South Harvard for a century has been a zealous, an enthusiastic, a termagant Mrs. Jelleby. Harvard's conception of the negro was no more like Abraham Lincoln's than is William Jennings Bryan's views of the eighteenth amendment like A. O. Stanley's. Harvard's abolitionism was for the sake of the slave; Lincoln's anti-slavery sentiments were for the sake of the slaveowner. Harvard demanded the freedom of the negro; Lincoln strove for the emancipation of the white man who owned the negro. Lincoln was as Southern as a hoe-cake, or a rasher of fried bacon. He was a Southern poor white, a class that hated the negro and was hated by the negro. Lincoln hated nobody, but in his debate with Douglas in 1858 he disclosed the contempt of the Southern poor white for the negro. When, as president, he declared that he would preserve slavery if that were the best way to save the union. Harvard denounced him in hill and down dale as a miscreant to all colors.

Well, it seems that President Lowell of Harvard has found out that the two races can not be fused, that social equality is as impossible as it is undesirable, and so Harvard ejected negroes from the dormitories, whereat and whereupon certain venerable alumni of Harvard, who live in the age when Theodore Parker was a political pope and Wendell Phillips an oratorical blatherskite are up in arms. Here is a bomb that I rescue from the bombardment these our Bourbons hurled at their alma mater: "We believe that university owes the Southern man the best possible opportunity for education, but we do not owe him the surrender of our Northern ideas of democracy and our Harvard ideals of Justice."

There is a painful omission in that passage. The word "equality" seems to have dropped into vacancy and is estrayed. It can not be possible that these venerable folk—Moorfield Storey is one of 'em—have awakened to the folly of men of their class running up and down the earth correcting the mistakes of Almighty God, who decreed that the two races are not equal.

And Harvard Charles Sumner, Theodore Parker Thad Stevens, Ben Wade and that set, while they prated from rise of sun till the going down thereof, failed to make the whites and blacks equal. The constitution of the United States pronounces them equal, but caste, that is stronger than governments, stronger than armies,

stronger than navies—caste, the weapon with which Almighty God armed and equipped the superior race caste proclaims the doctrine and enforces the fact of inequality. And 40,000 Harvards are powerless before caste.

Theoretically a negro has the right to be governor of Massachusetts; practically it is as impossible for him to be governor of that old commonwealth as it is for the swan to wish its black legs white as it swims in the water. Caste forbids. In the Northern section of our union are 1,000,000 negro voters. How many negroes represent Northern constituencies in congress? And every respectable man of every Northern State ought to master the decency to be ashamed to open his mouth to utter a word on the negro question till some Northern constituency returns a negro to congress.

In the North the negro is encouraged to vote and in divers communities not allowed to work. In the South he is warned not to be a statesman, but is given every inducement to be a laborer. When there was a massacre of negroes in Illinois for no crime except that of laboring with their hands, the Chicago Tribune made argument

in support of the proposition that the negro's right to the ballot in South Carolina is a more valuable and a more precious privilege than the negro's right to his life in Illinois.

The city of Akron, O., is located in "the Western reserve," the citadel of abolitionism, where dwelt Elisha Whittlesey, Joshua R. Giddings, Ben Wade and James A. Garfield. If at the North there is a negro paradise, surely it is in the "western reserve." Not a great while ago a thrifty negro, a citizen of Akron, a man of wealth, bought a residence located in the section where dwelt the leading white folks of the town. When that negro attempted to occupy his own premises a mob gathered, a furious and demented mob. We was driven from the town, together with hundreds of his race. I do not recall whether there was bloodshed. Be that as may be, it was laid down as a canon of good morals in the "Western reserve" that it was unspeakable, horrible and overwhelmingly intolerable for a negro to travel in a Jim Crow car in Louisiana, but altogether lovely and superlatively altruistic for a negro to dwell in a Jim Crow house in Ohio. Since Warren G. Harding has been president of the United States the Chicago real estate exchange has decreed a penalty of expulsion directed against any member

of the exchange who sells a negro real estate in a neighborhood where only whites dwell.

Only the other day a squad of professional negroes in the North presented a petition to the president demanding that "race segregation" be abolished in the departments at Washington. White women clerks from the North, however, will see to it that the segregation in not disturbed. "Marty" Madden, statesman in congress from Chicago, returned from a district that has a negro majority, has implored congress to vote him by indirection a huge campaign fund. At an expense of at least a quarter of a million dollars he asks congress to erect a monument to a negro who sailed with Christopher Columbus on a voyage of discovery. It is extremely

doubtful if any such negro ever lived, and it is certain that a monument to him would have no tendency whatever "to elevate" the negro race. Horace Greely warned a delegation of professional negroes who called on him to help "elevate the race" that only the negro himself could elevate the race and the best way to do it was to move over to New Jersey and raise potatoes.

Grover Cleveland advised that the best way to treat the negro question was to allow those next to the burden to lift it—that is, that the thing be left to the South, the section that knows all about it, rather than have the North mix in it, a section that knows nothing about it. And if the negro question is ever settled that is the way it will be settled.

### Some Floor Paint Facts Worth Knowing

DO you know that two coats of the best floor paint are less than 1-100 of an inch thick?

You may think it ridiculous to expect such a thin paint film to stand up under all the wear and tear that a floor gets.

Still, that's exactly what Lowe Brothers Hard Drying Floor Paint does. It stands

up because it's made of pigments and extra tough varnishes that have great wear-resistance.

If you've been disappointed with your painted floors, probably you haven't used a paint made especially for painting floors.

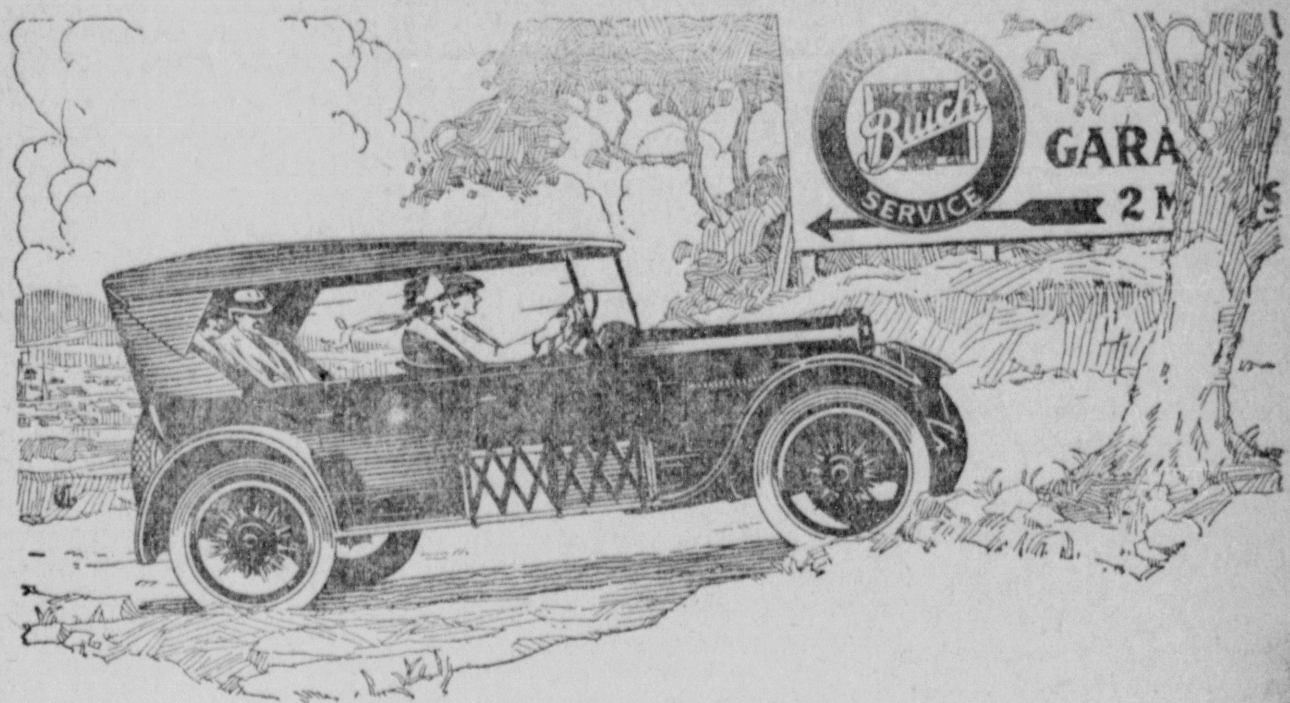

Lowe Brothers' dries hard and stays hard. It's long-lived, too. Come in and see the sample panels.

### TWIN CITY WELL IS EXPECTED IN HOURLY.

The Champion, by means of an old German proverb—"Put a known fact with an unknown fact and create a new fact," is prepared to state that the deep test well being put down on the Bremond ranch, two miles southwest of Thorndale by the Twin City Production Company, is expected to be brought in at almost any hour. The work of baling the well has been in progress for several days and every indication points to an early finish, and that the production will be of record-breaking proportion—the best well in this part of the state.

The Champion learns on good authority that the slush pit was sufficiently charged with gas last week that a match would ignite it, and other indications then very strong promise of a good well, have grown more promising with each succeeding day's operations.

The Champion may have been a bit over-cautious in its reports of the local oil operations heretofore, but the preponderance of evidence of a splendid well being developed here now warrant strong optimism and the plain statement of a fact that the well is an assured asset of our own community. One of the strongest evidences to support this assurance is the mere fact that the Twin City people are known to have renewed many expiring leases during the past week and on Tuesday of this week this company paid out over two thousand dollars for this purpose alone.

The Twin City people are not now and never have offered stock or leases for sale and content themselves with the drilling operations. They have played a straight and clean game as well as the Champion is able to ascertain, and if their efforts are to be as handsomely rewarded as indications now promise, the Champion will rejoice with them in their good fortune earned through perseverance. So may it be.—Thorndale Champion.

### MULCAHAY LEADING HITTER IN BIG SERIES.

Johnny Mulcahay, star lead-off man of the Cameron team, was the leading hitter of the series just closed at Carroll field between Jacksonville and Cameron. In five games and 17 trips to the plate, Mulcahay had an average of .412. He hammered out seven hits, two of which were doubles and one a triple. McGlasson, left fielder of the Comets, and Homer Peel, star second baseman, had averages of .389 and .375 respectively.

Peel obtained more hits than any other star, leading Mulcahay by two. Of Peel's nine hits, four were two-baggers and one a three-ply blow. B. J. Pittman played in only three of the games, but led the Jacksonville team in hitting with an average of .400 and ranked second only to Mulcahay. Pitcher Thomas of the Cameron team had the highest average of any player of either team, but appeared in only two games. He had an average of .429 in seven trips to the plate.

The Comets outdid the Bears during the series with a total of 51 hits against 47. Four home runs were made during the series, but no athlete was able to accomplish the trick twice. McGlasson, Thompson, Daniels and Lyons were credited with the runs during the series and Jacksonville eight. Jacksonville scored 31 circuit clouts. Cameron made 13 errors during the series and Cameron 26. Of those playing in all the games Odom and Thompson tied for the batting leadership of the Bears:

## To The Voters Of Milam County

### HAND THIS TO YOUR NEIGH- BOR AFTER READING.

While in the Legislature I voted against all waste and extravagance. I favored a reduction in all salaries and taxes.

An amendment was offered to raise our salaries from five dollars a day to ten dollars a day, I voted against same.

When the Legislature voted to furnish the members with thirty dollars for stamps, I voted for ten dollars, as I thought this enough when the people had to be taxed for same.

I voted against an appropriation for a Park in the Davis Mountains. I voted for a State Cement Plant as the State can make it for one-fourth what it pays the corporations.

I voted for the Four Million Dollar Rural School fund, same passed but our Governor vetoed same.

If it was not for the Rural Schools we would not have any University as all students that enter the University must be graduates of the High Schools, that is why I believe the Rural Schools should come first in donation and representation.

I voted to separate the Oil Mills from the Gins, and had a long telegram from some of the citizens of Cameron asking to vote in favor of the Oil Mills and Gins. This telegram was circulated by R. L. Batte,

Sr., of Cameron, Texas. I am sure it was of interest to him as he owns two or three Oil Mills and ten or fifteen Gins in our county. I think now as I did then this gives the Mill and Gin man too much leverage as to the price of ginning and price on your cotton seed. I am against such a combination.

We have at the present time three University students in our Legislature.

Mr. Roy C. Coffee of Wise county, absent from roll call 30 odd times.

Mr. Tom Pollard of VanZant county, absent from roll call 40 times.

Homer Hendricks of Ellis county, absent from roll call 120 times.

The above boys attended the University and supposed to attend the Legislature, but drew their five dollars per day just the same, and the tax payers of Texas pay them. I answered all roll calls.

Do the good people of Milam county wish to be represented by a University Student or a man from the farm who knows what Legislation the farmer needs, one that has labored on the farm in Milam county for the past fifty years; one that has got all he posesses by the sweat of his brow and one who pays heavy taxes? This I leave to the good people of Milam county to answer next Saturday, July 22, 1922.

Respectfully your servant,

**I. LOONEY,**

Representative, Milam County.

## Drew S. Rogers

—Candidate for—

### SHERIFF MILAM COUNTY

### FOR LAW ENFORCEMENT

In my candidacy for sheriff of Milam county I am appealing to the good men and women of the county on the proposition that I am unqualifiedly committed to the strict enforcement of the law.

I submit my record as a peace officer and as a citizen standing always on the moral side of public questions. If elected I will be sheriff for all Milam county. I will enforce the law without fear or favor, irrespective of nationality or creed, rich and poor alike. I will not serve organized interests or individuals but will see that the law is administered in a fearless manner.

If the people of Milam county want the law enforced and the office of sheriff made the medium through which capable, just and efficient administration of the law will be accomplished vote for me in the July Primary.

I want to say in this final word to the people of the county that I appreciate their interest in my race and I will repay them in good and efficient service.

## O. D. BAKER OF GAUSE

Candidate for Re-election, Second Term.

### Representative 65th District

INTELLIGENT AND ECONOMICAL ADMINISTRATION OF  
THE AFFAIRS OF GOVERNMENT.

As a candidate for re-election to the legislature from the 65th District I pledge the people the best that I have in equipment for this high place and offer my record of achievement as a member of the Previous Legislature in defense of my campaign.

I served on the most important committees of the House and was always at my post of duty fighting the battles of the people, trying to give expression to their needs.

The next legislature will be called upon to pass upon great problems that have to do with the development of the great state of Texas. My record shows that I have been thinking in terms of development to give construction to the varied interests within the borders of Texas. History will be made within the next few years and the Legislature will be called upon for its best in shaping our policy of government and industrial development.

I stand for the development of Texas, for Education both rural and college; for the interests of the farmer, stockman and the business man. I want the state to serve the interests of all and I am for a broad, forward looking administration, big enough and progressive enough to comprehend the needs of all Texas.

A vote cast for me on July 22nd will mean a vote for these broad, progressive policies.

## INSTRUCTIONS FOR ELECTION OFFICERS GIVEN BY GILLIS

### QUALIFICATIONS FOR VOTERS PRESCRIBED IN LETTER TO ELECTION JUDGES.

Chairman Gillis of the Milam County Democratic Executive Committee in a letter of instructions to election officers prescribes the qualifications of voters and gives instruction for holding the election as follows:

#### Presiding Officer of Election:

Dear Sir:—You have been appointed election manager for your voting box. You are authorized to secure the assistance of other officers besides yourself to assist you.

The following persons are entitled to vote:

White men and women who are Democrats and pledge themselves to support the nominees of this primary and who possess the following qualifications:

They must be citizens of the United States; must have paid a poll tax if over 21 and less than 60. If not 21 on January 1st, 1921, then they must show an exemption certificate. Persons over 60 may vote without certificate. Persons offering to vote must be of age prior to election day. If poll tax is lost or misplaced or left at home, voter may make affidavit.

No assistance can be given to any voter unless he is unable to prepare ballot because of some bodily infirmity such as renders him physically unable to write, or is over sixty years of age and is unable to read and write, in which cases two judges shall assist the voter after first being sworn not to suggest by word or sign how the voter shall vote and that their assistance shall be confined to answering questions asked by him, to name candidates and to preparing the ballot according to the directions of the voter. All questions asked and answers given must be in the English language.

Your name as presiding officer should be written on the back of each ballot.

You must not allow any marked ticket or memoranda in the voting place with the voter. If you discover any such, you should refuse to allow the party to make out a ticket until the marked ticket or memoranda is surrendered.

In addition to the other qualifications named above, the voter must

have resided in the state one year and in the county for six months prior to the day of the election. The voter must reside in the voting box where he offers to vote. There is no certain time prescribed for this.

Please make returns at once.

The polls shall open at 8 a. m. and close 7 p. m.

You will call your box convention for the selection of delegates to the County Convention at 4 o'clock p. m. on election day. The delegates elected should be given credentials which should be turned in to me.

Your box will be entitled to one delegate for each 25 votes or major fraction thereof cast for Neff for Governor in 1920. You will be entitled to at least one vote.

A person known not to be a Democrat may be challenged and refused a vote. But the fact that a voter voted some other ticket two years ago would not be valid grounds for refusing him a vote, provided he will take the prescribed test. You have the power to administer oaths in cases of challenge.

Be sure to return the poll tax list in-

cluded in the election supplies. The election supplies have been sent to you by mail.

### HOW TO MAKE YOUR SKIN FRESH AND CLEAR

Every woman passes as pretty if only her skin is fresh, smooth and young. It is within the power of every woman to possess this attraction to make her complexion as beautiful as she longs for it to be.

The secret? Cleopatra knew and practiced it in the days of ancient Egypt. She observed a daily ceremonious cleansing. The cleansers she used were the same you may have today, Palm and Olive oils.

These beautifying oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse, creamy and refreshing lather.

Cleansing with Palmolive is a beauty treatment in itself. No woman should say her skin is too sensitive to use soap until she has tried Palmolive.

The attractive green cake, the natural color of the oils, is within the reach of every one who appreciates that cleanliness is the greatest beautifier.

You can buy Palmolive Soap at all first class groceries and drug stores.

## TWO DAYS LEFT FOR CAMPAIGN IN MILAM COUNTY

### DEMOCRATIC PRIMARY VOTE OF 1918 INTERESTING TO CANDIDATES OF THIS YEAR.

Two days more!

Candidates for public office have Eight More Days in which to bolster up their chances for election in the July Democratic Primary.

The Primary will be held on July 22 which is Saturday. Great interest is being shown in county politics this year as was the case in 1918 and the Herald preserving as it does the records of its publication is able to give some interesting figures on the campaign of that year.

In the campaign of this year similar races are noted. In 1920 few of the candidates had opposition but in 1918 practically all the candidates had opposition. The same is true of 1922 with practically all the public officials with opponents.

Keenest politics and interest is shown in the race for Tax Collector with the present incumbent Bill Alex Bonds opposed by R. S. Wiley, former tax assessor of the county.

Almost parallel in point of interest is the race for sheriff which is a three cornered affair with the present incumbent L. L. Blaylock being opposed by Drew S. Rogers of Buckholts and R. R. Tyson of Cameron. Mr. Tyson was a candidate for the office in 1918 losing by only 240 votes.

Contested in the race for tax assessor with Miss Leila Woolley the incumbent opposed by H. H. Hartsfield of Buckholts. The town of Buckholts is playing a big part in the campaign of this year, putting forth two of her favorite sons for county office.

In the county Clerk's race Will T. Yates is the incumbent with two opponents. H. M. Roark of Thorndale and Miss Lillian Atkinson of Cameron are the other two in this race.

In the race for county treasurer R. Todd is opposed by Mrs. Dot Harlan of Branchville.

In the race for representative from the 65th District Hon. O. D. Baker is opposed by Paul J. King of Jones Prairie. Mr. Baker is the incumbent and is serving his first term in that office. This race has become bitter, Mr. King attacking the Democratic record of Mr. Baker in printed matter as well as on the stump.

In the race for representative from Milam county the incumbent Col. Ike

Looney is opposed by Moulton Cobb, brilliant young University graduate who is conducting a vigorous campaign. Mr. Looney who has been handicapped on account of ill health in now able to be up and to look after his political fortunes. Mr. Looney is serving his first term in the Legislature.

Considerable interest has developed in the race for constable in the Cameron precinct. Chas Sens, present constable, is opposed by J. F. Howard.

In the race for county superintendent Buckholts has furnished another candidate in J. O. Hughes who is running against Jim F. Chadwick, the superintendent.

In the campaign of 1918 a total of 2615 votes were cast by women voters. It is estimated that the number of women voters this year will greatly exceed the 1918 total as poll tax payment was made by assessment as against men. The total poll tax for the county this year will approximate about 8000. A heavy vote is predicted.

The total vote cast in the 1918 election was 6277.

The following table compiled from the election returns complete in the Herald August 1, 1918, will be of interest to all:

#### THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not

less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

#### NOTICE OF FILING ACCOUNT—GUARDIANSHIP.

##### THE STATE OF TEXAS.

To All Persons interested in the welfare of Charlie Stefka, a person of unsound mind; J. T. Stefka, Guardian of such non compos metis, has filed his application for leave to resign the said guardianship, and has accompanied the same by an account for final settlement thereof in the County Court of Milam County, which will be heard at the next Term of said Court, commencing the first Monday in August, 1922, at the Court House thereof, in the city of Cameron at which time all persons interested in the welfare of such minors may appear and contest said account if they see proper to do so.

Herein Fail Not, But have you then and there before said Court this Writ, with your return thereon endorsed, how you have executed the same.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Given under my hand and the seal of said Court, this July 10th, A. D. 1922.

WILL T. YATES, Clerk,  
County Court, Milam Co.  
By Mrs. K. K. Robbins, Deputy. 10-31

#### CALOMEL GOOD BUT TREACHEROUS.

Next Dose May Salivate, Shock  
Liver or Attack Your  
Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take

a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the

children because it is perfectly harmless and can not salivate (Adv)

#### Habitual Constipation Cured in 14 to 21 Days

## Candidates the Klans in Milam County Will Support

Word has been repeatedly brought to us that a great many of the good men and women of Milam County are asking what candidates the Klans will support, in order that they may follow the lead of men whom they know always stand for the right. This is very gratifying indeed to all Klansmen and we take this opportunity of expressing our appreciation of this to this class of people of Milam County and to invite all of them to co-operate with us in bringing about cleaner, better conditions where we live, through intelligent use of the ballot.

It is not the business of the Klan to engage in politics except where necessity demands, in order to put those in office who are clean and will enforce the law, and in Milam county we have not attempted to put out a regular ticket. The fact is that as long as a clean, honest, energetic law-enforcing man is running, it makes no difference to us whether or not he belongs to the Klan, we will support him, but we desire it to be emphatically understood that a candidate who expects support of a Klansman, must pledge himself for clean, honest office-holding and strict enforcement of the law. Any candidate who winks at crime and who has the support of the class of voters that are always against everything that is for the upbuilding of moral and social conditions, may as well understand now that he will receive no votes of Klansmen, and if we have not misread the signs of the times in Milam, the majority of voters here are going to support the candidates that stand for the things that Klansmen stand for.

We therefore ask all you good, clean, honest men and women who want to see your sort elected to office, to very carefully weigh the evidence for and against a candidate and where you find that they can measure up to the standards set by Klansmen, you may be pretty certain that they will be supported by that great body of one hundred percent Americans.

# COMETS TAKE LAST GAME OF SERIES WITH JACKSONVILLE

## LEFTY THOMAS PITCHES CLUB TO VICTORY IN FINAL OF WACO GAMES.

By JINX TUCKER.

Just prior to the fifth and final game of the semi-pro classic which has been holding the boards at Carroll field all this week, Prof. H. Trantham presented Manager Frank Bridges of the Jacksonville team The News-Tribune cup emblematic of the championship of the colorful series, and adhering to the age-old custom, the Jacksonville Bears then trotted out on the diamond and lost the game, the Cameron Comets being victorious for the day by a score of 7 to 2. The victory gave Manager Rogers' team two wins in the 5-game series, and by taking the contest at Cameron today, can even it up.

"Lefty" Thomas, regarded as Cameron's ace, prior to the series, was given his first opportunity to start a game against the Bears Friday, and was in rare form, holding the east Texans to five hits, and striking out eight men. Thomas also starred at the bat, hitting safely three times in four trips to the plate.

"Red" Partain, star centerfielder of the Comets came out of his batting slump Friday, which has been so conspicuous during this series. In four trips to the pan he connected for two doubles and a single, one of the doubles being a drive that would have gone for a home run in most ball parks.

Manager Bridges crossed the fans Friday by sending Johnny Tanner to the mound, electing to save Lyons for the game in Cameron today. It was a brilliant pitchers' battle for five innings with neither team scoring, and with few hits made, but in the sixth the Comets jumped on Tanner with full force, all but chasing him to the showers, and the Baylor star athlete was nicked quite frequently thereafter.

While Thomas' benders seemed to baffle the great majority of the Bear sluggers, they were no puzzle to Teddy Lyons. On his first appearance at the plate Lyons hit a double to the right field wall, and in the seventh with one out and none on, Teddy smashed a line drive to the left field fence which went for a homer. The seventh was the Bears only scoring inning of the game. Following Lyons circuit clout, Strickland fanned on a wild pitch, going to first. Littlejohn made two bases on Peel's error and Strickland went to third. Covington hits grounder to Mulchay, Strickland scoring and "Sunshine" was safe at first when Mulchay erred. Tanner, however, fanned out, and Topsy Wilkerson, batting in lieu of Green also whiffed.

The Comets put the game well beyond the reach of the Bears in the sixth. Thomas opened that round with a long single. Mulchay beat out a bunt, but McGlasson popped to Covington when he attempted to sacrifice. English went out at first, advancing both runners a notch. Partain singled to center scoring Thomas and Mulchay. Peel a long drive to the left field fence, but was held at second on fast fielding by Lyons, Partain scoring easily. Paschal got a pretty blow to left sending Peel home with the fourth and final run of the inning.

The Comets scored two more in the seventh when Thomas again opened the stanza with a scratch hit. Mulchay sacrificed, McGlasson hit to right for two base scoring Thomas.

## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

and McGlasson scored on English's single. The Cameron club scored its final run of the game in the eighth on a walk by Paschal and hits by Thomas and Mulchay.

Both teams got back in their true stride in the field Friday. The slight rain of the early afternoon put the diamond in splendid shape for the fray, and the Bears played errorless ball. The filing of Cameron was brilliant at all times save in the seventh, when ragged support accorded Thomas gave the east Texans a run. Fred Paschal was the filing star of the game, turning several apparent hits into outs.

Despite the inclemency of the weather there was a fair gathering of fans in attendance to witness the final contest of the highly successful series at Carroll field. The financial success of the series just closed speaks much for the baseball future of Waco. It goes a long way in proving that local fans are now in a receptive mood for real baseball. The crowds at the Jacksonville-Cameron games have caused the Texas league managers to look with favor upon Waco as a prospective member of that circuit for 1923.

## PITCHING DID IT FOR JACKSONVILLE IS JINX'S OPINION

The crucial, colorful tilts between Jacksonville and Cameron are over so far as Waco is concerned. The Bears won the series because Manager Bridges had four dependable pitchers, and was able to pitch them in rotation, because the Jacksonville clan had been together longer and was better versed in inside baseball. Yet, had Manager Rogers juggled his pitching stars in a different manner there might have been a different story to write this morning. Thomas, general-

ly regarded as Cameron's best bet, was not given a chance to start a game until Friday, the last day of the series. He relieved Haislip in the first after the game had been lost.

It will be Clevenger vs. Lyons today at Cameron, and there is quite a likelihood that the Comets will even the series. Clevenger held the Bears to four hits Wednesday, shutting them out. The Comets hit Lyons hard in his initial appearance, and will have the advantage this afternoon of playing on their home diamond. That means something. Rogers has been forced to guess all the week as to his pitchers, and he guessed wrong Monday and Tuesday. Cook had lots of stuff Thursday and was not hit hard even though removed from the box. He was bunted out.

Not a man reached first for the Jacksonville team in the fourth, fifth, sixth, eighth and ninth innings of Friday's game. Thomas seemed to get better as the game grew older, striking out three of the Bears in the final round.

Wilemon, former Trinity university star, who has been playing with the Cleburne team this year, has joined the Comets and played third base Friday in lieu of Frog Nowlin. Wilemon did not get a hit, but sent two drives to center that had all the earmarks of being extra-base blows.

"Big Jeff" Stafford, the former Southwestern university star, who made life miserable for the Baylor base ball team in 1920, was noted on the Cameron player bench Friday afternoon in citizen's clothes. Stafford has been with the New Orleans club of the Southern association, but will soon join the Sherman nine of the T. O. league. Wearing the colors of the Southwestern team in 1920, he pitched a double-header against the Bears at Carroll field, winning both games, and to add insult to injury also hit a home run. Then when the Baylorites played in Georgetown, he went out and hurled a no-hit, no-run game against Bridges' crew. Stafford was given a trial with the White Sox.

Johnny Tanner showed the fans some real pitching in the second inning of Friday's game, when Partain opened the round with a double. Following this hit, Tanner retired Peel, Paschal and Wilemon in order.

Following Littlejohn's sterling performance with the willow Thursday,

when he pitched the Bears to victory, Manager Bridges gave him a chance in the outfield Friday in order to strengthen his attack, but Littlejohn failed to bingle, although he made two bases on Peel's error in the seventh.

Topsy Wilkerson, star shortstop with the Baylor Cubs during the past spring, and who is promising varsity timber for 1923, joined the Jacksonville Bears Friday, and was given an opportunity to show his base ball wares to the Waco fans by Manager Bridges. Wilkerson will play second for the east Texans in lieu of Pittman who is out for the season with an "athletic heart."

When Homer Peel smote his two-bagger to the left field fence in the sixth inning of Friday's encounter, it gave him at least one hit for every game of the series, and he has averaged two per game for the 5-day stand, a remarkable record, when it is considered that the opposing pitchers were especially careful with this youngster after the first day. If he is not the batting leader for series, he is right among the top notchers.

When it was announced that Manager Rogers would again try a south-paw against Bridges' clan, the Jacksonville manager reconstructed his line-up in order that he might send nine right-handed hitters to the plate. The followers of the east Texas club then waited for the explosion. But it never came. Thomas with his portside delivery mowed down Bridges' brilliant array of right-handed batting talent with a regularity that was hardly looked for by the Millam county supporters, much less the backers of the Bears.

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## CAN'T DO THE WORK.

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

Mrs. Kristina Werner, Cameron, Says: "For years, Doan's Kidney Pills have been my only medicine. When I have backache or my kidneys bother me. Doan's have always done me a world of good. Whenever my back hurts me I can't do my work and sometimes I have had dizzy spells. When I have stooped over to

## "Thirty Days on Cow Chow"

Is the verdict of the judge when a cow has been guilty of losing money during the summer months.

"Thirty days on Cow Chow" will be the Third Degree as to whether it will pay to keep or sell a cow.

If she can't make you a good profit on Cow Chow she can't make it on any ration.

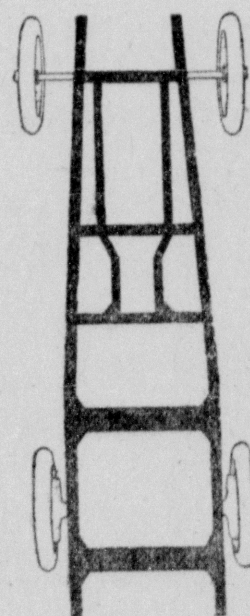

Every pound of Cow Chow fed a good dairy cow will make her produce about three pounds more milk per day on grass—up to normal production.

Cow Chow lowers the per gallon cost of producing milk on pasture. And you can get more milk from fewer cows now. You will get more milk next winter. Don't lose winter profits by under production on pasture. Order today and start to putting the proof right in the milk pail.

## Studebaker Bodies Don't Rattle or Squeak

The Special-Six chassis frame is 7" deep. It tapers from a width of 29" in the front to 41" in the rear, so that the sides of the body fit perfectly without overhang. Five cross-members prevent the distortion that eventually causes bodies to squeak.

Studebaker bodies rest squarely on the chassis frame—not on the body sills. The body and the frame form a rigid unit that successfully resists the rack of the road.

Studebaker bodies are built in Studebaker shops by men, many of whom have been building vehicle bodies for Studebaker for upwards of 30 years—and their fathers before them. Studebaker has been building fine bodies for seventy years.

Studebaker Special-Six bodies, because of their quality and soundness, weigh more than those of other cars around the Special-Six price. You cannot skimp in material and build a body that will not rattle.

Freedom from rattle or squeak is just another of the fine-car refinements that emphasize the extra value of the Studebaker Special-Six.

**ONE THOUSAND SEE CLEVENGER-LYONS PITCHING BATTLE**

**METS MAKE EVEN SERIES BY TAKING GAME HERE SATURDAY 2 TO 1.**

Vergil Clevenger, the product of old lots of Eagle Pass down on the Mexican border, hooked up in a pitchers' battle with Teddy Lyons Saturday afternoon and emerged in the thrilling conflict victorious with a score of 2 to 1. One thousand and one Cameron fans watched their dearest even the 6-game series with the high-powered Jackson club. The visitors scored their first and only run of the game in the initial inning when with two out Thompson was given a pass to first, and Harston followed with a drive, which Miller and Partain let fall between them in a two-bagger. Showing some real speed on the paths, Thompson scored the play. Only six hits were made off the delivery of Clevenger and that also was total off the Bear ace. It was a spectacular roar from beginning of the game, when made a sensational catch of Miller's drive that looked good for a while, but his was merely the most spectacular of one continued series of brilliant plays. Not an error was charged to either team. The Comets bunched hits on Lyons the fifth, scoring two runs, which proved enough to win the game. Miller led off in that inning with a nice single. Captain Henderson sacrificed, and Clevenger went a long way in clinching his own battle by smashing a drive past the Jacksonville outfield for a 3 ply blow, Miller scoring. Johnny Mulcahay, leading hitter of the series singled through short, scoring Clevenger with what proved to be the winning run of the game. "Sunshine" Covington was the leading hitter of the day for the Bears. Of the six hits garnered by the visitors, Covington was responsible for three. The Jacksonville star back-swing led off in the seventh with a long triple, and another score for the ears seemed imminent. A squeeze play was put on, but Green failed to come through with his part of the program, popping up to Mulcahay who doubled Covington at third, and the ears' brilliant opportunity to tie the score and possibly force the game into extra innings went up in smoke. That play clinched the game for the Comets, as Clevenger buckled down to his task of conquering the east Texans and they failed to threaten the balance of the game. Homer Peel managed to get his daily hit.

## BRAZOS BRIDGE IS APPROVED TUESDAY

Judge Jeff T. Kemp is in receipt of a telegram from Capt. J. B. Faulkenroy of the State Highway Department at Austin saying that the Federal Highway Department has approved the plans for the construction of the bridge across the Brazos river near Gause.

This bridge will be constructed as a part of the Bankhead Highway running through the eastern part of the county. Brazos, Robertson and Milam county commissioners courts have made appropriation for this bridge and it is expected that construction will begin in a short time.

In addition the court has granted permission for an election to be held in District No. 35 which includes Gause to vote \$35,000 bonds for the construction of that portion of the highway running from Gause to Milano. From Milano the road will go to Rockdale and thence to Thorndale. The Gause bond issue is a supplemental issue. From Thorndale the highway will go to the Milam county line in the direction of Tylor. The Milano and Rockdale districts will have to vote bonds to complete this issue.

## FROM THE MAIL BOX.

Editor Cameron Herald, Cameron: Bob Todd's platform from a man who has been in Milam County 40 years.

I have known Bob Todd for 35 years and he was a good man then and he is the same today.

He is a man who when he sees a man in need he will help him and has lost money by doing so but not friends.

He is a man that believes in God as his father and the Brotherhood of man as I do.

He is a man for less churchnity and more Christianity and more preaching done for the poor.

He is a man that don't believe in praying for the needy and distress and not helping them.

He is a man that wants everyone to have his liberties and not light wines, beer, whiskey and trouble.

He is a man that believes in a government for all the people and not for the favored few in Wall Street.

He is the man that wants the office. He is getting old and needs it and we can't get a better man for it.

Yours very truly,

Joe Etheredge, Hoyt, Texas

# JACKSONVILLE WINS SERIES AND SILVER CUP FROM COMETS

FOURTH GAME TAKEN WHEN  
COMET PITCHING CREW  
WITHERS BEFORE JACKS.

Inside baseball played in true big league style, proved too much for the Cameron Comets Thursday afternoon sending that club aviating, and the Jacksonville nine made it three out of four from the Milam county boys, thereby clinching the cup, although the Comets still have a chance to even the series by taking the game at Carroll field this afternoon and the one to be played in Cameron Saturday. It was a long drawn out struggle Thursday consuming 2 hours and 10 minutes, was replete with errors and an easy 10 to 3 win for the Bears.

The Comets blew up in the field for the first time during the series, six errors being charged against the Milam county crew officially, but there were several more of omission for which there is no column in the box score. The Bears got the breaks Thursday and took advantage of them. The contest, however, was a real battle until the latter stages, the Bears scoring one in the seventh, two in the eighth and five in the ninth.

Littlejohn, product of the sand lots of Irene, was sent to the box by Manager Bridges and he did the best hurling of the series so far as the Bear hurlers are concerned. He had a good fast one, and a sharp-breaking curve that proved an enigma to the hard-hitting Comets, although Homer Peel again managed to get his two bingles. Littlejohn allowed only six hits, and to this twirler also goes the batting honors of the day. He hit a double and two singles in four trips to the plate.

Manager Rogers after studying a long while at his pitching prospects in the "pull pen" elected to send Cook, the University of Texas ineligible star, to the mound and Cook was not really knocked out of the box, being accorded miserable support, and with "ducks on the lake" was outgassed by Bridges in inside base ball.

Haislip relieved Cook and pitched magnificent base-ball until the seventh, not allowing a hit until that time. He was relieved by Clowers in the eighth and five runs were scored off the portside delivery of that star. All of which evidence goes to prove against Bridges' crew and a manager that a left-hander is out of luck is flirting with defeat when he sends one in.

Cook started off in fine fashion retiring Green and Odom in order, but Fred Thompson caught one of Cook's fast ones on the outside and sent it over the right field screen for the circuit. Poor base running by Nowlin robbed the Comets of a probable score and perhaps more in the first. He was caught off third with Peel on second and only one out.

Bridges' crew took a commanding lead in the third. Littlejohn opened that stanza by sending a bounder toward Peel, which bounced over his head for a single. Green attempted to sacrifice, but was safe on an error. Odom flew out to Cook. Thompson also got on through an error by Paschal, and the bases were full. Cook attempted to throw high and break up a probable squeeze, but the throw went too high and Littlejohn scored on the wild pitch. Harston bunted and Green scored when Cook fumbled. Haislip relieved Cook at this juncture. Daniels lifted a sacrifice fly to left and Thompson scored. Harston went out stealing.

Cameron scored a run in the fourth when Peel opened the round with a two-bagger down the third base line. McGlasson smashed a liner to the left field fence for what should have been a tripple, but injured his knee as he was rounding first, and was forced to stay at the initial sack. Peel scoring easily. In the fifth with one out, Haislip smashed a drive to right that seemed certain to go for a home run, but hit near the top of the right field screen and the unfortunate Slim was forced to pull up at first where he was left stranded.

The Bears scored one more in the seventh, and in the eighth with one out and Harston on first, Pete Daniels, of Trinity university fame, smashed a Ruthonian drive over the wall down below the screen between right and center for a home run on anybody's diamond. It was the longest blow of the series and clinched the game as well as the The News-Tribune cup for the Jacksonville clan. Clowers went in at this juncture in lieu of Haislip, and finished the inning in fine shape. But, oh, the next one! It was a night mare for the Cameron cohorts. Covington obtained an infield hit when Peel fell down. Littlejohn obtained his third hit of the game and Green sacrificed

the runners a notch. Thompson was hit by a pitched ball. Daniels' infield hit scored Odom. With the squeeze on, Strickland dumped a nice one and Lyons scored. Henderson threw wild to first in an effort to get "Old Folks" and Harston scored the final run of the game.

Cameron also scored two in the ninth on English's hit, Miller's two-bagger and two passed balls by Covington.

The final game of the series at Carroll field will be played this afternoon at 5. Teddy Lyons will probably go back in the box for Jacksonville and Manager Rogers will move than likely send Cleveland back in an effort to get the long end of the gate receipts of the final day and insure a large crowd in Cameron Saturday. About 1800 fans were in attendance Thursday.

#### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

#### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

#### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

#### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## EVAN'S Corner

This corner is devoted to business, politics and general news.

This week winds up the most interesting campaign that Texas has experienced in several years. The line up is practically the same it has been for 25 years.

Some of our local men are tired and worn out and will be glad when it is all over.

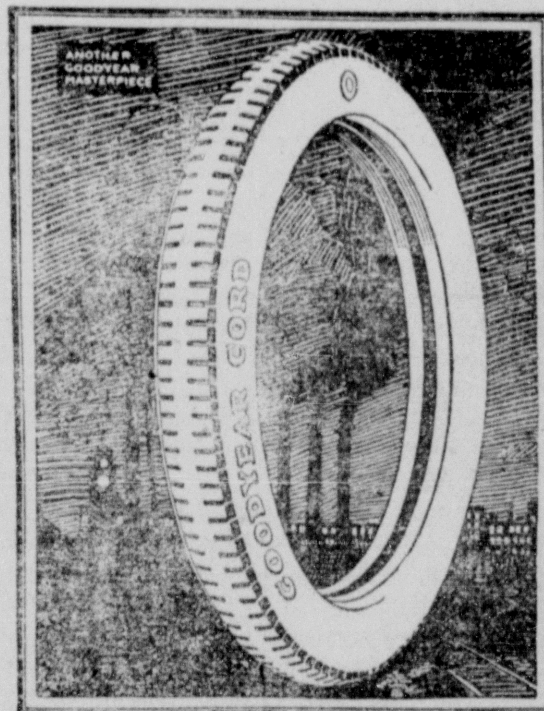

Some will be disappointed. No man likes a straddler. We all admire a man who stands open and above board for what he believes is right. The man who tries to ride into office by mud slinging is not worthy of the support of the people.

A business man gains nothing by knocking his competitor.

If you bring your watch to me for repairs I will do you good work and will appreciate it. If you need a change in glasses, we will test your eyes and have you a pair of good lenses ground.

# \$75,000 HOSPITAL IS BEQUEST TO CAMERON IN CARRIE YOE WILL

Construction of a hospital to be known as the Carrie Yoe Memorial hospital to cost a sum not to exceed \$75,000 for the City of Cameron is the outstanding bequest of the will of Mrs. Carrie Yoe which was filed for probate in the county court Tuesday morning.

The will which is a document of length makes disposition of an estate valued at approximately \$200,000. It will recites in the beginning the bequest of \$125,000 which was spent by Mrs. Yoe in 1919-20 for the C. H. Yoe High School Building.

With the exception of about \$15,000 in money which is left to relatives and friends in sums ranging from \$5 to \$2000 the entire estate is left to the C. H. Yoe High School and the Memorial Hospital.

The second largest bequest is for \$5,000 which is made for the establishment of a manual training department in the C. H. Yoe High School.

A. N. Green, Dr. J. C. Reese and Dr. M. C. Sapp are named trustees of the entire estate and of all bequests. A. N. Green is made executor of the will without bond.

Dr. Sapp aside from a bequest of \$2,000 is made superintendent of the Memorial Hospital for his life time.

Provision is made for the sale of the Yoe home and of jewels owned by Mrs. Yoe, all of the proceeds to go to the funds of the estate to be prorated per the bequests.

The Presbyterian church is given \$5,000. A student loan fund of \$5,000 is to be paid to the Charles Lawless Green fund.

One of the outstanding bequests of the will is 43 acres of land to be used by the Yoe High School to teach agriculture. Following is the text of the will and the codicils complete:

Cameron, Milam County, Texas.  
I, Caroline Yoe, resident of said city and county and widow of Chas. H. Yoe, deceased, do make, declare and publish this my last will and testament disposing of all the estate which I may die seized and possessed, as follows:

First: My Executor is directed to pay out of my just and lawful debts as a legatee.

Second: My beloved husband, Chas. H. Yoe, had a deep and abiding affection for the City of Cameron and a people, and in this sentiment I fully share; it is the place of my birth, and here he came to cast his fortune as a young man and our married life of more than forty years has been lived among its people and they have been our closest and most trusted friends, and it had been our purpose to give him a fitting and worthy testimony of our love for Cameron, and our ideal of such a testimonial was a public high school building. His death postponed the consummation of this purpose and it has never been absent from my mind, and I now desire to make its realization secure by providing for it by my will and making it a first charge on my estate. I do now therefore provide for the erection, completion and maintenance of a Public High School building for the City of Cameron to be known as "The C. H. Yoe High School," as follows:

Same is to be erected on Lots Nos. Six and Seven, Reese Addition to the City of Cameron, of some permanent and lasting material and of a size and site suitable for a high school for said City, and to cost not less than fifty thousand dollars (\$50,000.00) and not more than One Hundred and Twenty Five Thousand Dollars (\$125,000.00) and to be officially designated by the City "The C. H. Yoe High School." It is my hope to complete this building during my life time, but in the event of death before it is begun or completed, I direct my Executor to provide and pay over to the Trustees herein named, not less than fifty thousand dollars (\$50,000.00) and not more than one hundred and twenty-five thousand dollars (\$125,000.00) in money, out of my estate, as soon after my decease as practicable, to be used to build or complete such building, exclusive of architects' charges and other expenses. Said money shall be paid over by him as required by said Trustees, and I make the same a first charge against my entire estate to the exclusion of all other legacies made in this will. I prefer that said money be raised from the proceeds of my estate, but if said income shall not be adequate in his judgment, he may sell such properties of my estate from time to time to time to raise such funds as he may deem proper. My said Trustees shall have full and plenary powers in the erec-

tion of said building and may employ the services of architects and supervisors to assist them. I do further devise and bequeath to A. N. Green, J. C. Reese and M. C. Sapp, who are my friends in whom I place entire confidence and their successors as herein provided; said building and said lots six and seven, and the streets between said lots in Reese Addition to City of Cameron, to have and to hold unto them and their successors forever in trust for the use and benefit and as a part of the Public School System to be used as a High School, for white children only, of said city. My said Trustees shall look diligently after the carrying out of this purpose and shall keep said building in good repair and shall keep said building insured against fire; and shall provide further, that on the second Thursday in May in each year and every year after the completion of said building, studies shall be suspended for the day and in some appropriate ceremony flowers shall be placed on the tomb of my beloved husband by the students of said school. Vacancies in said board of trustees from whatever cause occurring shall be filled by appointments by the remaining trustees, provided, however, that none whose views are favorable to the traffic in liquor in any form whatsoever shall be appointed.

Third: I desire to provide for the care and maintenance of the said C. H. Yoe High School Building and Grounds and I do therefore devise and bequeath to my said Board of Trustees, A. N. Green, J. C. Reese and M. C. Sapp, and to their successors forever, the grounds and store buildings in Block D in the City of Cameron, now occupied by the Triggs Dry Goods Company, The Western Union Telegraph Co. and Chas. Smith Tailor Shop; same fronting about one hundred and twenty feet and running back to my property line, and they shall use the income therefrom to keep said property in good condition to the care and maintenance of the C. H. Yoe High School Building and grounds. If such income shall not be sufficient for said purpose at any time, then I expect the City of Cameron to make provision therefor, and in no event shall the property hereby devised be encumbered for such purpose. It is my hope and desire that said property may never be sold or encumbered, but remain forever in trust, but if it should be made to appear at any time by a public proceeding brought in the County Court of Milam County for probate by said Trustees, A. N. Green, J. C. Reese, and M. C. Sapp against the Board of School Trustees of the City of Cameron, that it is necessary or advisable to encumber or sell said property or to rebuild or reconstruct the same, then said court by judgment duly entered of record may authorize such sale or encumbrance; the proceeds thereof shall be held in trust by my said Trustee for the purpose herein provided, and in no event shall the principal be expended for the care and maintenance of the C. H. Yoe High School Building and grounds. Any surplus from the income shall, in the discretion of the said Trustees be invested in good revenue bearing securities. In case of the destruction of the C. H. Yoe High School building, if the insurance be insufficient to properly rebuild the same, then my said Trustees may expend a part, or if necessary, all the property herein devised to them, for the rebuilding of the said C. H. Yoe High School building. In case of the destruction of the store properties above devised, if the insurance be insufficient to rebuild, then in the discretion of my Trustees, the balance required to complete the rebuilding may be raised by encumbering the property upon due proceedings therefor in the Probate Court in the manner above provided, and the money derived from the insurance may be invested by my said trustees in good interest bearing securities until such time as the same is used for rebuilding in whole or in part.

Fourth: After the above bequests two and three have been fully provided for out of my estate, then I direct my executor to purchase three thousand dollars (\$3,000.00) worth of Government Bonds at the interest rate prevailing, and the said bonds to be deposited with A. N. Green, J. C. Reese and M. C. Sapp as trustees, the proceeds from the interest from said bonds to be used for the purpose of beautifying and keeping in good condition my lot in Oak Hill Cemetery, and I further direct that my said trustees and their successors keep this three thousand dollars invested from time to time in like good bonds and to

use the income therefrom for the above stated purpose. In case of vacancy in the board of trustees from any cause, same shall be filled by the remaining members.  
Fifth: After the above bequests in paragraph two, three and four have been fully provided for out of my estate then I direct my Executor to pay over to A. N. Green, J. C. Reese and M. C. Sapp, my trustees, for the purpose of establishing and equipping a manual training department in connection with the C. H. Yoe High School, the sum of fifteen thousand dollars (\$15,000.00), said sum to be expended as their judgment dictates for purpose stated.  
Sixth: After the above bequests in paragraph two, three, four and five have been fully provided for out of my estate, then I direct my executor to pay over to A. N. Green, J. C. Reese and M. C. Sapp, my trustees, for the purpose of assisting a fund now being raised and known as the Charles Lawless Green Students' Loan Fund, and which has for its purpose the assistance of worthy students through school the sum of five thousand dollars (\$5,000.00). My trustees shall pay said fund to the trustees of the Charles Lawless Green Students' Loan Fund when same is organized and until such organization they shall administer said fund, using the income to assist worthy students selected by them.  
Seventh: After the above bequests in paragraph two, three, four, five and six have been fully provided for out of my estate then I direct my Executor to pay over to A. N. Green, J. C. Reese and M. C. Sapp as trustees, for the purpose of erecting for the City of Cameron, a hospital to be known as the Carrie Yoe Memorial Hospital, a sum not less than forty thousand dollars (\$40,000.00) and not more than seventy-five thousand dollars (\$75,000.00). One of the corner rooms is to be a gift to Dr. M. C. Sapp for and during his lifetime, to be used exclusively by him in his profession without cost or expense to him. It is intended that the money hereby devised may be used for the purpose of erecting a hospital or for the purpose of purchasing a hospital. And I direct that my friend, Dr. M. C. Sapp be appointed superintendent of said hospital during his natural life. I especially direct that this fund be held in trust by my said trustees until used for the erection or purchase of a hospital as provided, and I further provide that my said trustees and their successors hold in trust forever this said property for the City of Cameron. Said trustees shall not have power to encumber said hospital except for repairs or replacement. Vacancies in the Board of Trustees shall be filled by the remaining members.  
Eighth: I bequeath to the Presbyterian Church of Cameron, Texas, out of the residue of my estate, if any, the sum of five thousand dollars (\$5,000.00) and said sum shall be paid over to Robert McLane, C. A. Pitts and E. Eggert for use of said Presbyterian Church at Cameron, Texas.  
Ninth: To my relatives and friends I devise the following legacies:

1. Mrs. C. W. Meyers, One Thousand Dollars (\$1,000.00).  
2. Mrs. Lodie O'Neil, Two Hundred Dollars (\$200.00).  
3. Mr. Leo O'Neil, One Hundred Fifty Dollars (\$150.00).

7. Miss Viola Meyers, Two Hundred Dollars (\$200.00).  
8. Mrs. Mary Carlton, One Hundred Dollars (\$100.00).  
9. Ruby Carlton, One Hundred Dollars (\$100.00).  
10. Edna Meyers, One Hundred Dollars (\$100.00).  
11. Mrs. Sallie May Meyers, Two Hundred Dollars (\$200.00).  
12. Estelle May Meyers, One Hundred Dollars (\$100.00).  
13. Fred Meyers, One Hundred Dollars (\$100.00).  
14. Mrs. G. Henry Yoe, Two Hundred Dollars (\$200.00).  
15. Frank Yoe, One Hundred Dollars (\$100.00).  
16. George Yoe, One Hundred Dollars (\$100.00).  
17. Charley Yoe, One Hundred Dollars (\$100.00).  
18. Mrs. Frank Yoe, Two Hundred Dollars (\$200.00).  
19. Mrs. Fred Yoe, Two Hundred Dollars (\$200.00).

20. Mrs. Clarice Little, One Hundred Dollars (\$100.00).  
21. Lu Meyers, One Thousand Dollars (\$1,000.00).  
22. C. W. Meyers, One Thousand Dollars (\$1,000.00).  
24. Fred Yoe, One Thousand Dollars (\$1,000.00).  
25. Sam Little, Fifty Dollars (\$50.00).  
26. Miss Lena Yoe, One Hundred Dollars (\$100.00).  
27. Miss Mary Yoe, One Hundred Dollars (\$100.00).  
28. Miss Winnie Yoe, One Hundred Dollars (\$100.00).  
29. John Henry Yoe, One Hundred Dollars (\$100.00).  
30. Harvey Yoe, One Hundred Dollars (\$100.00).  
31. Mrs. Mary Beginnis, Twenty-Five Dollars (\$25.00).  
32. William Beginnis, Twenty-Five Dollars (\$25.00).  
33. Dr. M. C. Sapp, Two Thousand Dollars (\$2,000.00).  
34. A. N. Green, One Thousand Dollars (\$1,000.00).  
35. Henry M. Hefley, Five Hundred Dollars (\$500.00).  
36. Dr. J. C. Reese, Five Hundred Dollars (\$500.00).  
37. T. S. Henderson, Sr., Five Hundred Dollars (\$500.00).  
38. Pope Sapp, Five Hundred Dollars (\$500.00).  
39. Dorothy Marie O'Neil, One Hundred Dollars (\$100.00).

Tenth: I provide that the property devised in this will for the maintenance of the Chas. H. Yoe High School and the income thereof is not to be drawn on or used for the purpose of establishing or completing the C. H. Yoe High School and my Executor is not authorized to sell said property for that purpose.  
Eleventh: My Executor is directed to sell my household and kitchen furniture, my three set diamond rings, which cost one thousand dollars (\$1,000.00), my one-set diamond ring, which cost one hundred, fifty dollars, (\$150.00), my diamond bar pin which cost four hundred, fifty dollars (\$450.00), C. H. Yoe watch, which cost one hundred fifty dollars (\$150.00), and my watch which cost one hundred twenty-five dollars (\$125.00), and my other personal property that I may own at the time of my decease. I desire the same to become a part of my estate and subject to the disposition thereof by me made.  
Twelfth: My executor is fully authorized to sell my home in Cameron, embracing the entire block of ground which I consider worth fifteen thousand dollars (\$15,000.00). I rely upon his judgment to dispose of same at such time as he may be able to realize the value thereof and if at any time he should deem it advisable to sell the same under conditions prevailing he has full authority to make such sale at such price and on such terms as his judgment may approve.  
Thirteenth: I specially provide that items four, five and six in this will are made a preferred charge against my entire estate, real and personal, subject only to the first claim of the C. H. Yoe High School in all of its departments and my Executor will hold my entire estate in accordance herewith. I provide that said bequests be paid out of the income of my estate if that is practicable but if in his judgment, it should become advisable or necessary to sell any or all of my estate for the purpose of carrying out this provision, he is fully authorized to do so.  
Fourteenth: The trustees and their successors of the store buildings and lots devised for the repair and maintenance of the C. H. Yoe High School are required to give bond jointly in the sum of twenty-five hundred dollars (\$2,500.00) payable to the City of Cameron conditioned for their faithful performance of this trust.  
Fifteenth: I further devise and bequeath to my said board of trustees, A. N. Green, J. C. Reese and M. C. Sapp and to their successors forever, all that certain tract or parcel of land situated in Milam County, Texas, and lying along the east line of the S. A. & A. P. Railroad right of way, being forty-three acres (43) of land, more or less, out of the W. W. Lewis league in Milam County, Texas, and being the same land conveyed to me by A. N. Green and wife and H. M. Hefley and wife and T. S. Henderson and wife, by deeds of date December 7, 1918; for the purpose of being used for experimental and practical instructions in agriculture, horticulture and kindred sciences in connection with the C. H. Yoe High School. Said department shall be maintained in a first class manner as a part of the C. H. Yoe High School.  
Sixteenth: If any of the legatees or other beneficiaries of this will directly or indirectly contest or oppose the probate of this will in any of its provisions, such legatee or beneficiary shall forfeit the devise herein made and shall take nothing whatever hereunder.  
Seventeenth: I now devise and be-

queath all the residue of my estate if any, to my trustees, A. N. Green, J. C. Reese and M. C. Sapp to be held in trust by them and expended by them as their judgments directs, for the improvements and maintenance of the C. H. Yoe High School building and grounds in any or all of its departments.  
Eighteenth: I appoint my friend, A. N. Green, as executor of this will, and no bond or security whatever shall be required of him as such, and the Probate Court shall have no jurisdiction over my estate except to probate this will and cause an inventory to be filed. And my said executor shall have full and complete title to my estate and same is hereby devised to him and he may sell and dispose of same his judgment directs.  
Witness my hand this 29th day of August, A. D. 1919.

CAROLINE YOE.  
At the request of the Testatrix and in her presence we hereunto sign our names as witnesses in her presence and in the presence of each other, and we certify that she signed same in our presence, declaring same to be her last will and testament, this 29th day of August, A. D. 1919.

O. L. KIDD  
J. L. CLINTON  
Codicil No. 1.  
I, Caroline Yoe, do hereby make, declare and publish this codicil No. 1 to my will dated 29th of August, 1919.

Since the execution of my said will, the dearest hope of my life has been realized in the completion of the C. H. Yoe High School building; and I had the joy and happiness of witnessing the graduation exercises of the Class of 1920-'21, held in its assembly hall. And as the years go by, it is my hope and belief that it will grow in usefulness for the children of Cameron. Its construction by reason of the rise in prices, required the expenditure of a larger sum than I had at first anticipated, and this with the present financial conditions have necessitated some changes and modifications of my desires and plans as set forth in my said will. These changes are more particularly expressed in this codicil, and it is intended hereby to so change and modify the provisions of my will as to conform to present conditions and the dispositions herein made shall supersede and be superior to any and all provisions of my said will in conflict with this codicil, but in all other respects it is reaffirmed and re-adopted.

I desire that my executor shall have full power and authority to carry out my wishes and I hereby devise and bequeath unto him all and singular the estate of which I may die seized and possessed of every character whatsoever, to have and to hold unto him, his successors and assigns forever. His title thereto shall be absolute and unconditional in all respects and there shall be no limitations whatever on his right to sell, convey, dispose of, mortgage and encumber the same as he deems proper. I have full confidence in his judgment and faithfulness and know that he will act for the best interest of my estate. It is my wish, however that in the administration of my estate he shall sell and dispose of all my other property for the purposes for carrying out the provisions of this will before he disposes of that portion of Block D, hereinafter referred to as the trust fund for the maintenance of C. H. Yoe High School building and grounds and the 43-acre tract of land on the W. W. Lewis league adjacent to Cameron, referred to hereafter in connection with the agricultural branch of said High School. This statement, however, is not meant as a direction, but merely as a suggestion to my executor, and is in no respect intended as a limitation on his title and right of disposition of my estate devised to him.

He is directed first to pay all my just and lawful debts and obligations.  
He shall next carry out the bequest in 4th paragraph of my said will providing for a trust fund for the care of our lot in Oak Hill Cemetery and shall pay over and deliver to the trustees the \$3,000.00 of government bonds therein mentioned.

He shall next pay the legatees and bequests contained in the ninth paragraph of my said will.

I direct that my entire estate shall be held by him subject to the payment of the items in paragraphs three, four and five above set forth and after the satisfaction of said items, which I direct to be satisfied, first out of the residue of my estate and only out of the hereinafter mentioned property in Block D and the 43 acres on the W. W. Lewis Grant in the event the residue of my estate shall be insufficient to satisfy said items, he shall then next carry out the trust provided for in the third paragraph of my said will for the maintenance of C. H. Yoe High School building and grounds, by con-

veying and delivering to the trustees therein appointed, the property in Block D of the City of Cameron, therein described and embracing all of my property in the northwest portion of said block from the north line thereof to the store-room or building now occupied by F. F. Reed adjacent to the store-room room occupied by Dan Tyson, it being understood that said property or the proceeds of any sale thereof is not to be used for any other purpose than said trust, except for the payment of items three, four and five above mentioned and all of my estate except said property shall be first used for the payment of said items before the property devised to said trust shall be resorted to.

My executor shall next carry out the provisions of paragraph fifteen of my said will, relating to the devise of the 43 acres of land on the W. W. Lewis league, for the establishment of the departments for experimental and practical instruction in agriculture, horticulture and kindred sciences in connection with C. H. Yoe High School, a deed to said 43 acres for said purpose and trust.

My executor shall next fulfill the bequest to the Presbyterian Church of Cameron, Texas, by paying over to the trustees therein appointed, the devise of \$5,000.00 as set forth in paragraph eight of my said will.

After the satisfaction of the foregoing devises my executor to fulfill the provision in my said will in paragraph five thereof for the establishment of a manual training department in the C. H. Yoe High School, it being my desire to fully complete said High School in all of its departments according to my original plans.

After the foregoing devises have been fully satisfied, I direct my executor to carry out my direction in my said will in paragraph six thereof, for the creation of Lawless Green Students' Loan Fund.

My executor is next directed after having complied with the foregoing directions, if there shall remain a sufficient residue of my estate to carry out the provisions of the seventh paragraph of my said will for the erection of Carrie Yoe Memorial Hospital, provided a sum of not less than \$10,000.00 shall remain on hand as a residue of my estate, if that amount shall not remain after the execution of my directions above set forth, then such residue and all of the residue and remainder of my estate remaining in the hands of my estate to C. H. Yoe High School as set forth in the seventeenth paragraph of my will.

If any of the legatees or any other beneficiary of my will or of this codicil shall directly or indirectly contest or oppose the probate of this will in any of its provisions or shall refuse when called upon, by my executor named in my said will, to execute a duly signed acceptance of my said will and codicil, such legatee or beneficiaries shall forfeit the devise so made to him or her, and shall take nothing whatever of my estate.

I further direct that the costs and expenses incurred by my executor in carrying out the terms of my will and this codicil, shall be paid as a first and preferred claim against my entire estate and he is fully authorized to incur any and all expenses including counsel fees and other items necessary for the protection and management of my estate and he shall in addition to compensation provided by law for executors, retain for his service the sum of \$100.00 per month.

Witness my hand this.....day of July A. D. 1921.

CAROLINE YOE.

At the request of the testatrix, Caroline Yoe, and in her presence and in the presence of each other, we hereunto sign our names as witnesses and certify that she signed the same in our presence, declaring the same to be her will and testament this.....day of July A. D. 1921.

**Healing Cream  
Stops Catarrh**

Clogged Air Passages Open at Once—Nose and Throat Clear.

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.  
How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more yawning or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

quench all the residue of my estate if any, to my trustees, A. N. Green, J. C. Reese and M. C. Sapp to be held in trust by them and expended by them as their judgments directs, for the improvements and maintenance of the C. H. Yoe High School building and grounds in any or all of its departments.

## HOW IS THIS FOR INSURANCE.

Mr. Fred Henry, Cameron, Texas.

Dear Sir—I hereby acknowledge receipt of check from the Federal Life & Accident Insurance Company, in full payment for three weeks partial disability caused by having my finger mashed by the door of my automobile shutting on it. This check came just three days after the blanks were filled out and turned over to you. This is the third time I have collected indemnity from the Federal, and each time it was paid promptly, and without red tape or correspondence.

Respectfully,  
A. S. Epperson, M. D.

## SWIMMING AND DANCING PARTY

Last Friday night a bunch of young people enjoyed an evening at the park.

Swimming was the first diversion followed by a delicious picnic supper. Music was furnished by the Columbia and the "light fantastic" tripped until eleven o'clock.

The young people thanked Mr. and Mrs. J. W. Coleman and Mrs. J. F. Guggolz for so pleasantly chaperoning them.

## CAMP IN MONROE'S PASTURE.

Last Thursday a party of about

sixteen couples, chaperoned by Mrs. Wm. Henderson went out for a few days camp returning Monday. The party carried two good cooks along and everything good to eat was enjoyed. Swimming, horseback riding, dancing to the music of the Victrola, story telling etc., were thoroughly enjoyed.

## CHRISTIAN AID—MISSIONARY.

Mrs. Guy Slocumb was hostess to the ladies last Monday week and there was an unusual large crowd present.

The subject was Tibet and very entertainingly led by Mrs. T. F. Weaver. Rev. Weaver, their pastor made a fine talk.

Mrs. Slocumb made a charming hospitable hostess and at the close of the meeting served delicious punch and cake.

## SWIM AND PICNIC.

Tuesday afternoon from four to seven Mesdames J. M. Casey and W. A. Beal chaperoned about twenty young people at a swimming party and picnic at the park.

Games were played and a delicious lunch served and all had a glorious time.

## MRS. AGEE ENTERTAINS.

Mrs. W. C. Agee, superintendent of Junior work of the M. E. church entertained her class of about twenty Tuesday afternoon.

Swimming and games were enjoyed for several hours after which, assisted by Mesdames Ike Ledbetter, Eslinger and H. D. O'Neal of Mexico City Mrs. Agee served a delicious picnic lunch.

## E. A. WALLACE RESIGNS AS MEMBER SCHOOL BOARD.

E. A. Wallace, for the past several years a member of the Cameron School Board, has resigned from the board, his resignation having been presented to the City Council Tuesday and was accepted. A motion was passed by the council instructing the secretary to convey the thanks of the council to Mr. Wallace for his efficient service as a member of the board and to express its regrets at his resignation.

## CARD OF THANKS.

We desire to thank our friends and relatives who so kindly assisted us in the illness and death of our husband and father, also for the floral offering. May God bless each one of you.

Hrs. Ola Aycock and children.

Mrs. A. F. Mitchell returned last Saturday from a visit to her mother Mrs. Anna Dittman at Alleyton.

## PIONEER CITIZEN, L. J. HEFLEY BURIED IN CAMERON

(Continued from page 1.)

night over the San Antonio and Aransas Pass and was received by the undertaking parlors of C. N. Green and Brothers who directed the funeral. The body was taken to the home of Henry M. Hefley, his son, from which place the funeral was conducted Saturday with services in the Methodist church of which he was a member conducted by Rev. H. C. Willis, former pastor of the church in Cameron, assisted by Rev. Ira F. Key. At the church hundreds of mourning friends paid their tribute to the pioneer, Rev. Willis is a beautiful funeral sermon eulogized the life of the pioneer, his Christian character and the influence of his life.

From the church the procession was made to Oak Hill Cemetery where the body was laid to rest.

Flowers decked the grave in lovely profusion attesting an expressive tribute to the pioneer who numbers friends by the hundreds and left the stamp of his exemplar life upon the community in which for more than a half century he had wrought as a citizen and a father.

The active pallbearers were: A. N. Green, J. L. Clinton, W. A. Bonds, G. S. Mangum, J. B. White, Giles L. Avriett. The honorary pallbearers were: Robert McLane, T. G. Sampson, C. N. Green, J. C. Reese, R. L. Batte, W. W. Chambers.

He is survived by his widow and children as follows: C. L. Hefley, McAlester, Okla.; H. R. Hefley, Tulsa, Okla.; Jack S. Hefley, McAllister, Okla.; H. M. Hefley, Cameron; Mrs. L. E. Perdue, Muskogee, Okla.; and Mrs. J. C. Washinka, Ganesville, Texas; two brothers, W. T. Hefley and J. D. Hefley of Cameron; three sisters, Mrs. Mattie Batte of Cameron; Mrs. Laura Wallace, Longbeach, California; Mrs. F. B. Lay Itasca, Texas.

It was the writers good fortune to have known him, and we only knew him to esteem him more highly as the years passed by. Today we miss his kindly smile and friendly greeting. Only yesterday we sat beside his bier in the silent city of the dead, we stood by his open grave as the last sad rites were performed, and as the clouds of earth closed above his silent resting place we said with the poet— "Cold in the dust the perished heart may die,

But that which warmed it once can never die."

As we stood by his grave on yesterday when the sky was trimmed with her gorgeous rosy hue, in fancy we could see him, not in death's cold despair, but smiling from the sunset day—smiling with all the well remembrance that marks God's farewell to the bereaved grace of his manhood, love and devotion, and saying to us:

"The sunset speaks but feebly of the Glories of Another day. All is well."

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 90c per bottle.

## CAMERON WINS FROM AUSTIN LEGION TEAM.

Cameron again defeated the Austin American Legion team by a score of 9 to 0 on last Sunday. Clevenger pitching for Cameron was too much for the Capital boys shutting them out with only a few scattered hits. This is the second victory of the season for Cameron over the Austin team.

Fans at Comet Park Monday saw a game of unparalleled thrills and saw when the Hubbard City team got a lead the Comets could not overcome and the game was called on account of darkness. In the third inning Hubbard City scored 7 runs off Lefty Thomas and the team making many disgraceful errors, forced the powerful portside from the box. Henderson catching for Cameron went to the bench and asked Manager Rogers to remove Thomas but Rogers refused to take him out in that inning. When the fourth inning came up Rogers sent in McGlasson who made a poor showing and in the Fifth Slim Haislip who has been put into discard by Manager Rogers, went in and shut the Hubbard City boys out. Haislip got three hits in three times to the bat and struck out seven men. The fans cheered the popular ex-national league twirler which is evidence of the popularity of Haislip in Cameron. Cameron managed to tie the score in the eighth inning and the game was called on account of darkness.

Following the game three of the Cameron men quit the team. They are Henderson, catcher; Wilemon, third base, and Partain, center field. Manager Rogers has another bevy of stars in this week to take their places. Haislip is now pitching for Gatesville and may be seen to work against Cameron during the three game series here this week.

Resentment at the departure of do with the quitting of the players. Haislip is said to have something to Manager Rogers says the team is stronger now. Homer Peel has been watching until the new man gets on the job. Dago Smith, semi-pro star and former Texas league man who pitched for Cameron in 1920 is to report here in a day or so.

## CAMERON TAKES TWO MORE GAMES IN WAY TO THE CHAMPIONSHIP.

Cameron has added two more wins to her already glorious train of victories, this time by beating Hubbard City 9 to 2 on Tuesday following the exciting game on Monday in which the score was tied in the ninth inning and the game called on account of darkness.

Clevenger the Great imported for Waco series from the domain of Del Rio was just the thing to win the Comets on Tuesday although hit nine times, the Hubbard City defense crumpled under a thirteen hit attack by the Comets.

In the opening of the series with Gatesville Wednesday Lefty Thomas the former Panther southpaw was going good and gave up only three hits to the Gatesville nine and one score. The count was 4 to 1 in favor of Cameron. Only one time during the game did a Gatesville man reach third base.

Hagler was pitching for Gatesville and was in fine feather holding the

hard hitting comets to eight hits allowing only scattered scores.

The team has been greatly strengthened by the arrival here of a number of new men. Dago Smith was Comet uniform Wednesday and will likely have a fling at Gatesville today. Big Jeff Stafford is also scheduled to work today.

## ASTHMA

A chronic affection of the bronchi, characterized by difficulty in breathing, a sense of constriction in the chest, and sometimes cough and expectoration. The cause of asthma is a subluxated vertebrae, producing pressure upon the nerves leading to the bronchi. The Chiropractor adjusts these vertebrae to their normal position, thereby relieving pressure on the nerves. Health is the result.
